## SLIGHT DROP IN HIGHWAY TOLL IN 1958

Despite increasing traffic, the number of deaths, accidents and injuries on the highways of the county declined in 1958, according to the annual report of the local substation of the Pennsylvania State Police.

The officers' records show they investigated 337 auto accidents during the year, compared to 365 during 1957. There were 23 persons killed and 279 injured in the accidents, compared to 26 killed and 282 injured in the 1957 crashes. Damage caused by the collisions totaled \$254,174, compared to \$318,914 in the prior year.

**Fewer Arrests Too**  
In 1958 there were 25 persons killed, and 318 injured in 343 accidents; in 1956, 19 were killed and 312 injured in 362 accidents.

During the year the officers made 1,678 arrests for traffic violations compared to 1,766 arrests in 1957.

The December report shows that officers investigating 27 accidents during that month, in which 20 were injured, one was killed and damage totaled \$13,197. The officers made 149 traffic arrests and 15 arrests on criminal charges during the month.

In December 1957, there were 34 accidents in which two persons were killed, 31 less seriously injured and damage totaled \$27,640. It also compares to December 1956 when there were 46 accidents, in which two were killed, 44 injured and damage totaled \$35,763.

**Route 15 Had Most**  
The officers reported that the accidents "happened generally throughout the county, with the largest number probably along Route 15."

Accidents investigated by state police probably represent about half the total number of auto crashes in the county. In Gettysburg, Littlestown, Biglerville, New Oxford, Abbottstown, East Berlin and Fairfield, local borough police forces investigate the auto accidents. In addition there are a large number of one-car and sometime two-car accidents to which police are not called.

## Traffic Toll Heading For New Record; 4 Each Hour

**By THE ASSOCIATED PRESS**  
Traffic deaths across the country over the four-day New Year's holiday were occurring today at a rate which could exceed the record for a similar New Year's week end.

More than 40 hours after the start of the 102-hour holiday period, the death rate from highway accidents was slightly more than four an hour. If the pace continues throughout the period, the record of 400 deaths set in the four-day New Year's week end of 1956-57 would be topped.

The National Safety Council has estimated the New Year traffic toll this year will reach 390.

**Not Much Effect**  
The council said the shock of the 594 deaths recorded during the four-day Christmas holiday a week ago apparently was not having much effect on drivers this weekend.

Traffic deaths last year, estimated at 37,000 by the council, averaged about 101 a day. But the slaughter on the highways since the start of the New Year holiday count at 6 p.m. local time Wednesday topped the daily traffic toll in 1958. The count continues until midnight Sunday.

"The weather is bad and the toll is bad," the council said. "The toll is proceeding at an alarming rate. We appeal to every driver to realize that he must hold his speed down and be doubly careful."

**Weather A Factor**  
Snow, sleet and rain in many sections of the country added to the normal heavy holiday travel. Thursday and deaths took a sharp upturn after a comparatively safe start. Treacherous driving conditions were reported in many areas, especially in the Midwest and East. Local blizzard conditions added to the traffic hazards in the high plains and upper Mississippi Valley.

A council spokesman said if the rate of deaths reported Thursday continued, traffic fatalities for the holiday period will exceed 400.

## Ag Association To Meet Wednesday

A review of local extension service for 1958, revision of the bylaws, and election of six directors will be the main items for business at the annual meeting of the Adams County Agriculture Extension Association Wednesday evening at 7:30 o'clock in the York Springs elementary school.

Special reports will be given by Audrey Yingling, Barlow, and Mervin Myers, Littlestown R. 2. Fred Robertson, extension agriculture economist at Pennsylvania State University, will talk on "The Challenges of a Changing Agriculture."

The Adams County Senior Extension Club will serve refreshments.

## President Tells Reds To Apply Desire For Peace In Current Crisis Over Berlin

**By The Associated Press**  
President Eisenhower has told Russian leaders their professed desire for peace should be applied to their handling of the Berlin crisis.

He made a pointed reply in an exchange of New Year's greetings with Soviet Premier Nikita Khrushchev and President Klementi E. Voroshilov.

Their message, delivered to Eisenhower's farm home near here, expressed hope that 1959 would see an end to "fears of the dangers of a new world war."

**Shares 'Hopes'**  
Eisenhower — watching a football game on television when the message came in — fired back a cablegram saying he shared the Russians' hopes. He agreed that "genuine efforts" might well be fruitful.

## EPISCOPAL CHURCH WILL SEEK \$35,000

The congregation of the Prince of Peace Episcopal Church, Baltimore St., has taken an option to buy the property of the late Dr. Chester N. Gitt which adjoins the church property on the south, and will launch a campaign for \$35,000 on Sunday.

On December 7 a church expansion plan was endorsed by the congregation at a dinner meeting attended by the Rt. Rev. Dr. Earl M. Honaman, bishop suffragan of the Harrisburg diocese.

The need for expansion of the physical facilities of the congregation was pointed out then by the rector, the Rev. Fr. Harold Mowen, who said the congregation has doubled in size in the last two years and the Church School enrollment has quadrupled in the same period.

Since that meeting the option has been secured on the former Gitt property, now owned by Mrs. Granville Schultz.

The plan is to convert the Gitt property for us as a Christian education building. It will also include an apartment for the vicar who now resides on E. Middle St.

After the morning worship service on Sunday a large thermometer will be erected in front of the church and attached to it will be a box to receive donations. The person or group making the largest initial donation will have the honor of depositing the first gift in the box, Father Mowen said.

"We expect to have \$10,000 in the first 10 days of the campaign," he said. "We will give the citizens and merchants of the community an opportunity to take part in our fund raising campaign, the first for this congregation since it was established here more than a century ago. The public may share in our campaign by putting donations into the gift box which will be available at all times in front of the church."

## VFW Plans Stag Feed January 20

Plans for a stag feed January 20 at 6:30 p.m. were outlined at a meeting of the Gettysburg VFW Wednesday evening.

Nominations for five posts as members of the board of directors of the home association were received. Those nominated were Robert Myers, Eugene Gelwicks, Eugene Miller, Robert Swisher, Wayne Asper, Bernard Lemmon, John Rummel, Armand Prosperi and Charles Basehore. The election will be held January 14.

A minute of silence was held in memory of Ellis Starnes, deceased member of the post. Named as the committee for the past commanders' banquet were Robert Swisher, Eugene Gelwicks, Ross Robert Myers, William Orner and J. Edward Kerrigan. Nine members who are incapacitated were voted free memberships. Quartermaster Wayne Asper reported 319 paid 1959 memberships to date. Admitted as new members were Charles William Day, Gettysburg R. 1, and Clarence R. Strail, Biglerville R. 1; admitted from the Chambersburg post was Edward Ray Rinehart Jr., W. Middle St. Commander John Murray presided at the meeting.

**FIREMEN TO MEET**  
The Adams County Volunteer Firemen's Association will hold a quarterly session Monday evening at 8 o'clock at the Biglerville Fire Co. Hall, Secretary Donald Sneringer announced today.

## Flee Cuba

President Fulgencio Batista and his wife, who fled to Ciudad Trujillo from Cuba, are shown last April at Wajay, their country home in Cuba. Fleeing to the capital of the Dominican Republic, Batista said he was giving up the presidency "to save the country from further bloodshed."

## Castro Names Manuel Urrutia Cuba's Provisional President; Calls Strike; Rebels In Havana

**HAVANA (AP)** — Advance spearheads of Fidel Castro's revolutionary forces entered Havana today.

Truckloads of bearded guerrilla fighters rolled into the city over the main central highway from the eastern provinces of Matanzas and Las Villas and sped along the Malecon Sea Boulevard toward the former military headquarters of deposed President Batista at Camp Columbia.

As the Castro forces advanced, Cuba's 6,300,000 war-weary people had two provisional presidents. Neither occupied the chair vacated by dictator Fulgencio Batista, who fled in the darkness of the new year morning Thursday.

**Havana Tense**  
The streets of Havana were tense and alive with expectation. The triumphant Castro partisans, who had seemed to emerge armed from nowhere Thursday to take over control of the capital, kept a tight lid on the situation to prevent pent-up public emotion from creating a chaotic situation.

Youthful, bearded Castro early today proclaimed ex-Judge Manuel Urrutia of Oriente Province as provisional President of the republic with his temporary government in Castro's native Santiago de Cuba. Castro apparently intends momentarily to move the government to Havana.

**Last Vestige**  
In this capital lies the last vestige of a shell of government named by the junta which Batista left behind when he fled the country early New Year's Day. But the government had no control over either the army or the police who now get their orders from rebel leaders installed at Camp Columbia in a Havana suburb.

The Castro troops entering Havana were unopposed. They were led by the Argentine physician, Ernesto Guevara, and Camilo Cienfuegos, two of the rebel chiefs' hard-fighting field commanders.

**Showdown Near**  
A final showdown obviously is near. Castro announced today he would not accept what he called a coup d'etat arranged by Batista. Thus he rejects the provisional government which purports to be

## BATTLEFIELD BUS VISITORS ON INCREASE

The number of persons visiting the Gettysburg Battlefield by bus during 1958 showed an increase over 1957, according to the annual report of the Gettysburg National Park.

After getting off to a slower than usual start in January and February, the buses started to pour into the community and continued on into the fall, setting some new records for numbers in October, when 102 buses transporting 3,572 visitors were here. That compared to 50 buses and 1,618 visitors in October 1957.

During the year 1,576 buses toured the field, carrying 57,660 persons, compared to 1,575 buses and 56,608 persons in 1957.

**Cyclorama Figures**  
Increase in buses and bus passengers came about despite a general decline in visitation by 80,000, some bad weather during parts of the normal tourist season and the "recession."

The report for the Cyclorama showed a decline from the prior year but an increase over 1956. Visitation at the Cyclorama has generally increased in the last few years, principally since a full length view of the Cyclorama was shown in a national magazine and pictures from the Cyclorama have been shown more frequently in magazine articles.

During 1958, 41,151 visitors viewed the big painting, compared to 50,379 in 1957 and compared to 37,577 in 1956, the first year in which a general increase in attendance at the Cyclorama was noted.

**Weather Has Effect**  
The travel report of the National Park shows the weather had a direct effect on the length of time people spend on the battlefield. In cold months the number of visitors was less.

**Funeral services for Winfield Ridgely, 80, near Taneytown, who died at his home Tuesday were held Thursday afternoon from the Fuss Funeral Home, Taneytown, with the Rev. Philip Bower officiating. Interment in the Barbaugh Cemetery, near Rouzer'sville. Pallbearers were Albie Byers, Myron Stull, Curtis Bowers, Ralph Baker, Wilbur Stull and John Keilholz.**

## 12 Children, 16 Others Die In Fires, Explosions

**By THE ASSOCIATED PRESS**  
At least 28 persons — 12 of them children — died in fires or explosions on New Year's Eve and the start of the holiday weekend. Fires claimed 24 lives.

At Rochester, N.Y., a quiet New Year's party in an apartment ended in a fire that killed six persons, including two 5-month-old infants and a 2-year old girl. Five of the victims died of asphyxiation.

Fire officials said the blaze may have begun in a pile of newspapers stacked on a landing of the three-story brick and frame building.

At Vincennes, Ind., a fire of undetermined origin killed a mother and three daughters, aged 13, 10 and 2.

Fire in a frame house 30 miles northwest of Seattle, Wash., burned to death three children, aged 4 to 7 years old.

In Texas, separate fires in Houston and Marshall each killed a mother and daughter, making a total of four victims.

## 3 Yank Scribes Held Briefly By Six Rebels

**By BOB CLARK**  
HAVANA (AP)—Armed Cuban rebels fired today on the Havana Post building and temporarily detained three Associated Press men covering the city's post-revolution convulsion. The three were released after questioning.

Larry Allen, roving AP correspondent; George Kaufman, Havana AP Bureau chief; and Harold Valentine, AP photographer from Miami, were taken to a police station but were freed 30 minutes later.

**Fire On Building**  
Rebels carrying machineguns, rifles, and other weapons opened fire on the Post building. Several bullets smashed through the windows and into the walls of the Post editorial office adjoining the AP headquarters on the second floor. The Post is an English-language newspaper.

Allen and Kaufman were working in the AP office, and Valentine was in the photo darkroom. The front door of the building was smashed in, and six rebels pounded up the stairs and leveled rifles at the AP men. They escorted them into the Post composing room, where they claimed to have found a pistol and attempted to pin ownership on the AP.

**"Became Menacing"**  
"We tried to argue our way out of it," Allen said, "but the rebels became more menacing."

"We were herded downstairs and into an automobile and taken to a police station where young rebels were running the show."

"After much protesting and explaining that we were Americans the rebels decided to release us and permit us to return to the bullet-battered Post building."

As Allen, Kaufman, and Valentine were taken out of the building, Bob Clark, AP writer from Miami who had just reached Havana after a charter plane flight walked into the building.

**Dictates Story**  
Clark grabbed a phone and dictated the story of the arrest until the others returned.

"Young boys were running wild through the streets, waving gun and picking up anyone they suspected of possessing arms or being anti-Castro," Allen said.

"It is a wild situation that could go out of control at any time and develop into something horrible."

"There is no protection for Americans whatsoever, except what the rebels themselves give."

William L. Ryan, AP news analyst who also is in Cuba helping to cover the revolution, was not in the AP office when it was invaded. He arrived shortly after the other had been taken away.

Clark gave this account of the scene he encountered on his arrival in the riot-torn Cuban capital:

"Young boys were running wild through the streets, waving gun and picking up anyone they suspected of possessing arms or being anti-Castro," Allen said.

## TRIES TO BLOW PLANE APART; THEN SUICIDES

TOKYO (AP)—Thirty passengers and crew of an airliner narrowly escaped death today when a bridegroom attempted to blow the plane apart. The attempt failed and the bridegroom leaped into the sea, a suicide.

A spokesman for the All-Japan Airways said a confectionery wholesaler, Akira Emoto, 31, tried to blow up himself and the plane with 25 sticks of dynamite.

He said Emoto failed, and opened the plane's door and jumped to his death in the sea.

The spokesman said the dynamite and a burned-out fuse were found in the lavatory and two more sticks in Emoto's baggage.

The plane was flying at about 2,500 feet when Emoto jumped.

He and his bride, Chieko, 19, were traveling to visit their relatives.

Mrs. Emoto was unable to give any coherent account.

The York County Historical Society today announced suspension of normal service to the general public until it completes its movement of the collections of the society to new headquarters at 250 E. Market St., York.

The society will open in its new building early in February. It had been located at 225 E. Market St., York, for the last 22 years. In its new building the society will have 30,000 square feet of museum exhibit space, bookshelves for 20,000 volumes, a separate newspaper storage and reading room and an auditorium.

his selection of Urrutia. Castro said the road to Santiago, occupied Thursday after the defending garrison surrendered, had been a long and hard one. He called Santiago "the strongest fortress of the revolution" and said its triumph was being crowned by making it the provisional capital for some 12 hours, until he and Urrutia go to Havana.

Ex-President Arrives Castro's supporters controlled all communications and every radio broadcast referred to Urrutia as "provisional president of Cuba."

Former President Carlos Prío Socarras, an exile in Miami since Batista ousted him by military coup in 1952, arrived meanwhile in Havana. Prío has supported Castro's revolt from exile. He and all other revolutionary organizations recently agreed to accept Urrutia as provisional president.

There was little doubt that this island republic would accept Urrutia, a former judge about 56 years old who long has been Castro's choice to succeed Batista until free elections can be held.

Strike Very Effective Castro called a general strike across Cuba until Urrutia was installed. The strike seemed 100 per cent effective, thus removing any question of remnants from the Batista regime trying to run the country.

Lippy, will select the hymns. Mrs. Lippy will be the organist for all services.

Mummers' Parade  
Marred By Weather

PHILADELPHIA (AP) — Rain and sleet threw a wet blanket on the city's annual New Year's Day Mummers' Parade, forcing 20 string bands to postpone participation in the event.

The famed Mummers put on a brilliant show for some 100,000 spectators. But they had to high-step with only one string band supplying a lilt.

The veteran Trilby band marched along with the fancy dress and clown divisions, but it received no official recognition from the judges in the awarding of \$56,000 in prizes.

The 20 string bands and the Trilby band will parade on their own Saturday and will compete for the prize money.

WASHINGTON (AP) — The Comptroller of the Currency today issued a call for a statement of the condition of all national banks at the close of business Wednesday, Dec. 31.

HARRISBURG (AP) — The State Banking Department today issued a call for a report on the condition of all state and private banks under its jurisdiction at the close of business on Wednesday, Dec. 31. The report must be published.

LEADER SUMS  
UP OWN RECORD  
AS GOVERNOR

By GOV. GEORGE M. LEADER

HARRISBURG (AP) — In the matter of a few weeks, the reins of state government here in Pennsylvania will be handed over to Gov.-elect David L. Lawrence.

It will be the first time since the Civil War that a Democratic chief executive will vacate the governor's chair to someone of the same political faith.

There is great personal satisfaction for me, knowing that many of the programs inaugurated during this administration will be continued, expanded and improved during the new administration.

Cites Advances  
These past four years have been based on the principle that government must concern itself with the problems and needs of human beings.

This administration, I believe, has done just that. We made significant advances, though we often had to struggle long and hard to achieve our goals.

I will mention only some of these advances:

An effective program was established to bring new industry into Pennsylvania and to foster expansion of industry already here. This program has been described by nonpartisan specialists—including the Committee for Economic Development and the U.S. Department of Commerce—as a model for other states.

Tax Study  
A nonpartisan commission, made up of top leaders of business, labor, government and the professions, was appointed by this administration to study Pennsylvania's tax resources and needs. The commission's recommendations resulted in legislation creating a climate more favorable to business and industry.

Pennsylvania moved decisively to help combat the national recession. Hundreds of already authorized public works (schools, highways, bridges, etc.) were moved well ahead of schedule to create needed jobs when it was most important. This was done without expenditure of one dime in new taxes.

The largest program of school construction ever undertaken in Pennsylvania was carried forward. This means new school facilities for approximately one third of a million Pennsylvania students.

Upgraded Education  
The first upgrading of the quality of elementary and secondary education in the Commonwealth in more than a generation was initiated. This means a better education for your children.

This administration blueprint, though it was unable to write into law, a higher education program including scholarships based on both achievement and need, student loans to be repaid, and an expanded system of junior colleges. I am convinced that a similar program eventually will be written into law, because this is the only way in which we can produce the trained young men and women we need so urgently to compete with the Soviets.

(MORE)  
A special education program for mentally and physically handicapped children was made mandatory so that approximately 100,000 children with low IQs and physical handicaps now are assured a better start in life.

Progress On Highways  
A humane, modern program of care for the mentally ill—based on cure, not custody—was instituted. This program is enabling many thousands of men, women and children to become productive citizens again, instead of wards of the state.

The most extensive road building program in the history of the Commonwealth was undertaken, including hundreds of miles of modern four-lane highways.

An improved highway safety program was developed, achieving a 8 per cent reduction in highway fatalities against a national reduction of 7 per cent.

12 New State Parks  
A broadened system of state parks was developed which provides at least 12 new state parks and eventually will provide a state park within 25 miles of every Pennsylvanian.

This administration brought career civil service in departments of state government that had been dominated by "politics-at-any-price" for generations.

State government was modernized and streamlined with up-to-date business methods including purchasing and personnel reforms and the merger of the public assistance and welfare departments.

High standards of official conduct were rigidly enforced. We made it clear that we would not tolerate wrongdoing by anyone. We wrote into law a fair employment practices act.

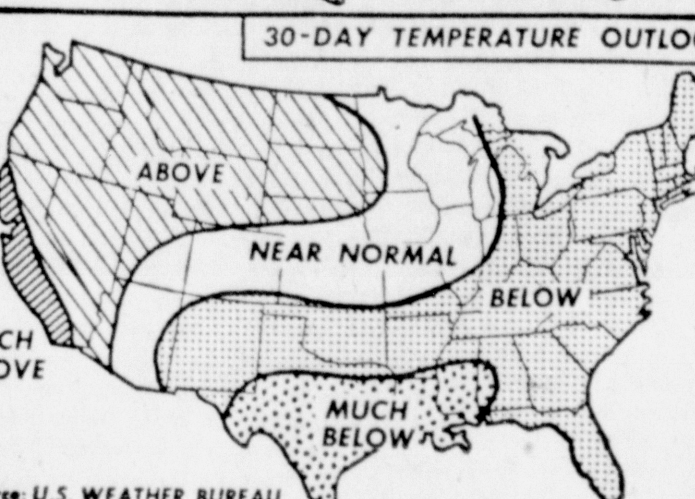

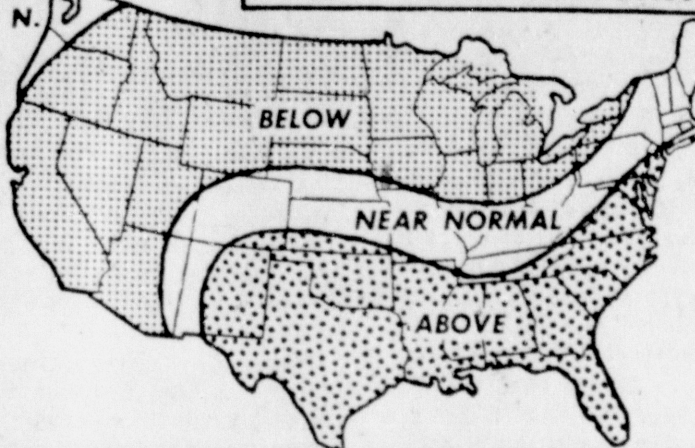

Only A Beginning  
We revised and improved unemployment compensation and workers' compensation laws, putting Pennsylvania into the forefront of states in these areas.

These are only some of the things we did; the complete list is too long to be detailed here. And we did it with the help of

requested to wear them: Monday, January 19, 7 p.m., the Scouts will go swimming at the YMCA, York.

U. S. EYEING  
YANK SAFETY  
DOWN IN CUBA

WASHINGTON (AP) — The U.S. government kept watch today on the safety of its citizens in Cuba and waited cautiously for the formation of a new government there.

Both the White House and the State Department discounted the possibility of major danger to U.S. citizens despite some rioting and uncertainty which followed collapse of the regime of Cuba's President Fulgencio Batista.

They declined any immediate comment on possible steps toward recognition of a new government, now in process of formation under the direction of rebel leader Fidel Castro.

President In Touch  
President Eisenhower, vacationing at his Gettysburg, Pa., farm, was kept advised of the situation by telephone, press secretary James C. Hagerty reported.

The Cuban Embassy in Washington, meantime, was taken over in friendly fashion by Castro supporters.

Cuban Ambassador Nicolas Arroyo formally resigned and designated as charge d'affaires the embassy's economic counselor, Dr. Emilio Pando.

Ernesto Betancourt, registered representative of Castro forces in Washington, asked that Pando be put in charge "until an ambassador can be chosen by the rebel government which will take over in Havana in a day or so."

No Nationalization  
Betancourt said the change of government would not bring nationalization of Cuban sugar plantations or utilities owned by outside interests.

He made the statement during an interview on the NBC-TV "Today" program when asked about a 1955 statement by rebel chief Fidel Castro in which Castro favored nationalization.

"That has been discarded as an impractical and unwise move," replied Betancourt.

Castro cannot be a candidate for president because he's too young, said Betancourt. Castro is 32. The constitution requires the president

many thousands of dedicated citizens throughout the Commonwealth, who recognized the need for helping people to help themselves.

We realize, however, that we have only made a start; there is still much to be done. Gov.-elect Lawrence, I know, will work with determination and vision toward the further achievement of these vital goals.

NEWARK, N.J. (AP) — Gerald Smith came into this world just after the stroke of midnight as the new year began Thursday.

The doctor who attended him, Dr. Gerald Rood, was also born on a Jan. 1 at the same hospital, to be 35.

Betancourt was asked about statements that there were Communists among the rebels.

"We are against the Communists," Betancourt said. "We don't want to have anything to do with them."

ALLENTOWN, Pa. (AP) — Henry W. Parker, 57, operations manager of the Lehigh Valley Gas Division of United Gas Improvement, died Thursday.

Parker, a native of Jamestown, Mercer County, had been in ill health the past several months.

PASADENA, Calif. (AP) — The sun smiled on Pasadena's Rose Parade Thursday and on the busy band of pickpockets working the big crowd.

Thirty-five wallets containing a total of \$2,000 were lifted by light-fingered operators, police said. It was the biggest haul in years.

NEW YORK (AP) — Mrs. Dwight D. Eisenhower and Dr. Paul Dudley White, heart specialist, are honorary co-chairmen of the 1959 National Heart Fund campaign.

The American Heart Assn. and its affiliates will conduct the drive next month.

WASHINGTON (AP) — Sen. Harry F. Byrd (D-Va.) reported today the number of federal employees dropped 765 in November from the October total of 2,355,482.

SAN FRANCISCO (AP) — The year started badly for the local branch of the U. S. Navy Department of Counter-Intelligence.

It was notified on New Year's Day that one of its sedans had been stolen by a 14-year-old boy. "The Navy made it easy for me. They left the key in the ignition," he told authorities.

KANSAS CITY (AP) — The man didn't get excited because a woman was waving her arms and yelling for help from the 14th floor of City Hall. He calmly walked away.

Mrs. Norma T. Miller, a cartographer for the city, had accidentally locked herself in a store-room and was beginning to think she might have to spend New Year's Day there.

A second man saw her. He waved back.

Finally, a woman saw her and called police, who ended her 45-minute ordeal.

## FRANKLIN COUNTY

A Beartown mother, Mrs. Charles R. Emory, and her daughter, Elaine, 11, jumped from an upstairs window when fire, apparently caused by a fault in the wiring of Christmas decorations, gutted the living room and damaged the kitchen of their home near Waynesboro early Wednesday morning. Damage was estimated at \$1,500.

Three persons were injured and two motor vehicles damaged to the extent of \$2,500 in an accident early Wednesday at the intersection of Routes 11 and 16, in Greencastle.

William D. Weaver Jr., 34, Waynesboro, driver of one car, was treated at the Chambersburg Hospital for cuts and bruises of the face. Allen Cornaire, 12, and Ricky Cornaire, 9, passengers in the other vehicle, were taken to the Chambersburg Hospital for observation and treatment.

Weaver told police that he fell asleep as he drove northward on Route 11. His convertible rammed into the rear of the station wagon of Richard M. Cornaire, 35, a school en route from a school in Texas to his home in Hamburg, N. Y. Cornaire had stopped for a traffic light.

Cornaire had purchased the station wagon before leaving Texas. Mrs. Cornaire and their four children were asleep in the rear of the station wagon when the crash occurred. Mrs. Cornaire and two children were uninjured.

Gasoline poured from the damaged fuel tank of the station wagon, presenting a hazardous condition. Firemen were called to the scene to wash down the highway surface.

ber taking long guided trips declines and the number taking short trips increases. In the warm, of long trips increases tremendously while the short trips proportionately decline.

The report shows 435 persons in 140 cars taking long trips in January while 344 persons in 113 cars took short trips. In the month of August 16,889 persons in 4,431 cars took long trips over the field while only 1,378 in 378 cars took short guided trips. Last February exactly the same number of persons, 177, took short trips as took long trips.

The report for guided tours during the year shows 69,142 persons in 19,738 cars made long tours and 7,946 persons in 2,457 cars made short tours of the field.

An increase in the number of persons per car during the summer months as compared to the winter months, is shown. Where the average per car is about three during the winter, it jumps to above four in summer months. The National Park has an answer to that—children. In the winter, tourists are generally older folks, many enroute to or from Florida.

SIGN PACT IN  
EASTERN AIR  
LINES STRIKE

By THE ASSOCIATED PRESS

Eastern Air Lines readied some of its planes today for limited north-south service in the wake of a 38-day strike by flight engineers. American Airlines remained shut down for the 14th day by a pilots' walkout.

The first inbound Eastern plane at Idlewild Airport—from Miami—was due to arrive shortly before 1 p.m. The first outbound flight to Miami was set for 2:30 p.m.

About 30 flights were scheduled for today with hopes that full service would be restored by next week.

Affected 16,000 Persons  
Some 16,000 Eastern employees prepared to go back to their jobs as the line signed a New Year's Eve peace pact with its engineers, and came to an understanding Thursday night with the Air Line Pilots Assn.

Eastern engineers and machinists walked out Nov. 24, grounding the line's 18 planes. Agreement was reached later with the mechanics, but they respected picket lines maintained by the engineers. The engineers refused to accede to a company request to take jet pilot training. In place of requiring pilot training for the engineers, Eastern announced it will have three pilots on each of its jets. These will be in addition to the engineer.

Sign Agreement  
The last stumbling block to resuming service was removed when Eastern and its pilots signed an agreement which assured the pilots their rights would not suffer from the new contract with the engineers.

The new engineers' contract provisions also provides a new wage scale for DCB jet airliners, including \$1,377 a month for senior flight engineers and 3 1/2 per cent to be paid into a new pension fund.

American Airlines pilots struck Dec. 19 in a demand for higher pay, shorter hours, and compensation for nonflying time away from home. Top pilots' wages at American has been \$1,602 a month.

## Today's Talk

## ON ENCOURAGEMENT

I once wrote that encourage-  
ment was oxygen to the soul, that  
no one ever climbed spiritual  
heights without it, that no one  
ever lived without it. No matter  
who we are, we need the refresh-  
ing voice of encouragement to  
cheer us on our way.We all feel better after we have  
encouraged someone else. It re-  
turns to us something precious,  
like the life blood that people do-  
nate to the ones sorely in need to  
give them recovery and the good  
life again.Even the child reacts quickly  
to a little love and kindly encour-  
agement. And every worker works  
better and more happily after a  
little praise and understanding.No matter how high in life any  
one of us is fortunate enough to  
be, we need encouragement all  
along the way. No one can grow  
great without it. The more im-  
portant a man may become, the  
more he hungers for encour-  
agement. Appreciation is next door  
to it. No one ever got anywhere  
without it. It is the substance of  
genuine success.How many a genius has gone to  
his grave because of a lack of  
encouragement. As Dr. Johnson  
was dying a young girl went to see  
him. He looked at her fresh, kind  
face and said: "God bless you,  
my child." There were a few mo-  
ments of silence, then the great  
doctor turned to her and said:  
"The thought comes to me that  
there will be no letters delivered  
at the grave."Our encouragement to others  
must be given here and now. To-  
morrow it may be too late. Giv-  
ing this encouragement is such  
a simple thing to do. It costs noth-  
ing in money but the love it in-  
spires may travel around the  
world or save a human being  
from despair.Tomorrow Mr. Adams will talk  
on the subject: "On Enthusiasm"

lodge in the organization's rooms  
on Chambersburg Street.Mr. Snyder, who has spent 16  
months working as an engineer on  
the road, told the difficulties of  
establishing the highway and the  
crude corduroy roads that had  
to be built in virgin territory in  
order that supplies, trucks and  
tractors could be brought in.COMMUTERS  
WIN REVOLTLONDON (AP)—British com-  
muters, normally a docile, uncom-  
plaining lot, staged their first re-  
volt Thursday night and won.Indicator boards said the sub-  
way train was bound for suburban  
Dagenham East. Halfway there  
passengers were ordered to  
change trains. It had happened  
many times before.Some passengers moved out  
obediently. Then one bowler-hat-  
ted commuter gripped his umbrel-  
la defiantly."No," he cried. "It says on the  
front of the train Dagenham East  
and that's where we're going."  
There was a little cheer and the  
revolt spread rapidly. Those who  
had got out got in again. Subway  
officials pleaded. The commuters  
sat tight.Finally the conductor capitulat-  
ed. The train moved off toward  
Dagenham East.Said an official of the govern-  
ment-owned subway system:  
"Quite frankly we were flabberg-  
asted.""After all, you don't really ex-  
pect passengers not to do what  
they're told."

TO STAMP OUT  
HOUSE REVOLT

By WILLIAM F. ARBOGAST

WASHINGTON (AP)—A series  
of huddles centering around House  
Speaker Sam Rayburn (D-Tex.)  
was expected today to stamp out  
a budding revolt against the pow-  
er of the House Rules Committee.The revolt is led by a sizable  
group of self-styled liberals. The  
Rules Committee now is domi-  
nated by a coalition of Republi-  
cans and Southern Democrats.The liberals seek to limit the  
committee's power to bottle up  
legislation. They would do this ei-  
ther by a change in House rules  
or by the addition of a liberal  
Democrat to the committee, now  
composed of eight Democrats and  
four Republicans.Rayburn returned late Thursday  
from his Texas ranch, where he  
has been vacationing since Con-  
gress adjourned last summer.He wouldn't comment on the  
rules proposals, but there were  
clear signs he would oppose them.  
He apparently was quietly sizing  
up the situation and lining up his  
forces for a showdown at the  
Democratic caucus next Tuesday  
morning.Leaders of the liberal group re-  
ported privately that Rayburn al-  
ready has wowed away much of  
the support they had counted on.  
Telephone calls even before Ray-  
burn left Texas, they said, con-  
vinced them that the speaker was  
dead set against changing the  
rules.

## May Try Again

Republican Leader Joseph W.  
Martin Jr. (Mass.) has told news-  
men he has an agreement with  
Rayburn which would leave the  
Rules Committee lineup un-  
changed. There are two Republi-  
can vacancies, and they are slated  
to go to Reps. Edgar Chenoweth  
(R-Colo.) and Carroll Reece (R-  
Tenn.) if they want them.If the liberals lose in Tuesday's  
Democratic caucus, they probably  
will try again Wednesday when  
the House convenes formally and  
adopts rules for the new session.FARM BUREAU,  
TALKS TAXES,  
EDUCATIONTaxes and education were the  
principal topics of discussion and  
the subject of several resolutions  
at a meeting this week of the  
Frederick County Farm Bureau  
in Frederick.There were six tax resolutions.  
They included a "request to the  
new administration in Annapolis  
to so form taxation policy as to  
spread the increased taxes that  
will be necessary for the conduct  
of state government on as broad  
a tax base as possible." The mem-  
bers generally favored the sales  
tax.Another tax was proposed in an  
effort to aid in the roadside litter  
problem. The members proposed  
"passage of a law taxing all dis-  
posable glass containers." Glass  
was included in the resolution after  
one member thought possible pas-  
sage of such a bill might harm  
selling of milk in paper cartons.**Exclude Used Machines**  
The members favored urging  
the General Assembly to abolish  
the sales tax on used farm ma-  
chinery, it being pointed out that  
this machinery is sold as much as  
five or six times, being taxed on  
each sale.A new tax proposal would serve  
a two-fold purpose—save the farm-  
ers a bit of money while at the  
same time encourage better care  
of forest lands. The proposal sug-  
gests that the General Assembly  
provide "that the forest lands  
managed according to  
sound forestry practices" be "free  
of real estate taxation until such  
time as the forest products are  
harvested therefrom for com-  
mercial use." Lumber used from  
such a plot for farm use would  
not be considered commercial. It  
was pointed out there would be no  
additional costs to the government  
in such a program since agencies  
are already in existence to ad-  
minister it.**Save On Insurance**  
Another resolution recommend-  
ed to the county commissioners  
and the board of education that  
a study be made to see if a sub-  
stantial savings can be made in  
insurance premiums.A resolution on education cited  
a need for greater appreciation  
of the problems of education. The  
resolution urged the board of edu-  
cation to review the curricula so  
that students will acquire a true  
concept of basic principles and  
philosophy of the system of self-  
government and the competitive  
enterprise system, as well as to  
conduct the school system in this  
county with proper regard for the  
financing of needed school im-  
provements, with special empha-  
sis on needs and desires, of the  
various communities, adequate  
teachers' salaries and sound ad-  
ministration.CAIRO (AP)—The newspaper  
Al Akhbar reported today that  
eight Iraqis have been arrested  
for plotting to blow up the pipe-  
line which carries Iraqi oil from  
the Kirkuk field to the Mediter-  
reanean.

## Warriors At Shippensburg Tonight; Adams-Franklin League To Start Season

Gettysburg High will attempt to open the New Year in the right manner tonight when they meet the Greyhounds at Shippensburg in a South Penn Basketball League.

The Warriors hit a new low against Hanover here Tuesday evening but are confident they can regain their form shown earlier in the campaign. They are now 2-4 after three straight losses.

Shippensburg has lost both of its league games. The Hounds bowed to Waynesboro 67-66 and to Middletown 48-43 and undoubtedly will be a tough customer on their home court. Both Hound losses were on foreign floors.

Coach George Kohut of Shippensburg has four lettermen on his squad including Chester Jones, Sheldon VanScyoc, Charley Ramp and Pete Sullivan. Jones has tabbed 34 points in two league tilts and VanScyoc 21.

Completing the South Penn League schedule this evening will be the following games: Mechanicsburg at Carlisle, Chambersburg at Hanover, and Middletown at Waynesboro.

**Two-Division Setup**  
Tonight marks the opening of the recently formed Adams-Franklin two-division league.

Due to postponements only six teams will be in action. In the Adams organization Biglerville and Big Springs have postponed their game until a later date while Scotland and Fannett-Metal will play their Franklin Division game on February 27 and St. Thomas (5-0) will play at Quincy (2-3) Monday night.

Games tonight, with overall season records, include: Adams Division—New Oxford (2-3) at Berdambury (0-4); Fairfield (3-2) at Littlestown (0-4); Franklin Division—Greencastle (5-1) at James Buchanan (6-0).

## FAVOR SOUTH IN SENIOR BOWL ON SATURDAY

MOBILE, Ala. (AP)—A proven scoring combination helped establish the South as a touchdown favorite in Saturday's Senior Bowl football game.

In giving Coach Paul Brown's squad the edge, the odds makers remembered last weekend's North-South Shrine Bowl game at Miami when Buddy Humphrey of Baylor threw three scoring passes to Mississippi State's Billy Stacy.

Humphrey also tossed two other touchdown aerials in the South's 49-20 victory in that game. He was the nation's top collegiate passer this season with 1,316 yards on 112 completions in 195 attempts.

Humphrey and Stacy will be in Brown's offensive backfield Saturday and it'll be a big surprise if they don't try to make plenty of yardage through the air.

**Other South Backs**  
The other South backs are Georgia's 200-pound fullback plunger, Theron Sapp, and another husky runner, 195-pound Don Brown of Houston.

Joe Kuharich's North squad is not lacking in passers or runners either.

He plans to start Boston College's Don Allard at quarterback. Allard, first round draft choice of the Washington Redskins, threw for seven touchdowns during the season. He passed for 691 yards.

To spell him is the No. 1 quarterback of 1957, Lee Grosseup of Utah. Grosseup, first draft choice of the New York Giants, led the nation in passing yardage a year ago with 1,398.

**Expect 38,000**  
Other backs in the North of offensive backfield will be Joe Morrison, Cincinnati; Alan Miller, a Boston College teammate of Allard and Norm Odyniec, Notre Dame.

About 38,000 are expected for the game, which will be nationally televised by NBC with a black-out within a 100-mile radius of Mobile.

Kickoff is at 2 p.m. (CST).

**SEROV RETURNS**

Serov reportedly is getting an important military assignment.

A month ago, the police post went to Alexander N. Shelepin former secretary of the Young Communist League.

## PAPER SAYS VEECK BUYS SOX CONTROL

CHICAGO (AP)—The Chicago Tribune says a syndicate headed by Bill Veeck has bought controlling interest in the Chicago White Sox but the stock sale officially was denied.

John Rigney, club vice president whose wife, Dorothy, is the majority stockholder, said Thursday night: "It is not true that the sale has been made. Negotiations still are going on."

Roy Egan, Comiskey attorney and a member of the board of directors, also denied completion of the sale.

**"No Sale Yet"**  
"If anybody should know it would be me," he said. "Completion of such a sale has not been made and I don't know if it ever will be."

Veeck, former head of groups who owned the Cleveland Indians and old St. Louis Browns, declined to comment.

The Tribune said formal announcement is being held up pending further negotiations with Vice President Charles Comiskey, minority stockholder who has been bidding for the shares of his sister, Mrs. Rigney.

"Veeck's long range plans, it was learned, include the likelihood of selling Comiskey Park, home of the White Sox since 1910, and the possibility of playing in Soldier Field or elsewhere," the Tribune added.

Hank Greenberg, who recently sold his minority stock in the Cleveland Indians, reportedly is a member of the Veeck syndicate.

## CUBAN CRISIS IN NUTSHELL

By THE ASSOCIATED PRESS

HAVANA — Fidel Castro rebels control Cuba as President Batista flees into exile. Castro-called general strike appears 100 per cent effective. Havana calms down after orgy of looting and revenge. All Americans apparently safe. Castro names new army chief who begins negotiations for cease-fire but fighting apparently is stopped.

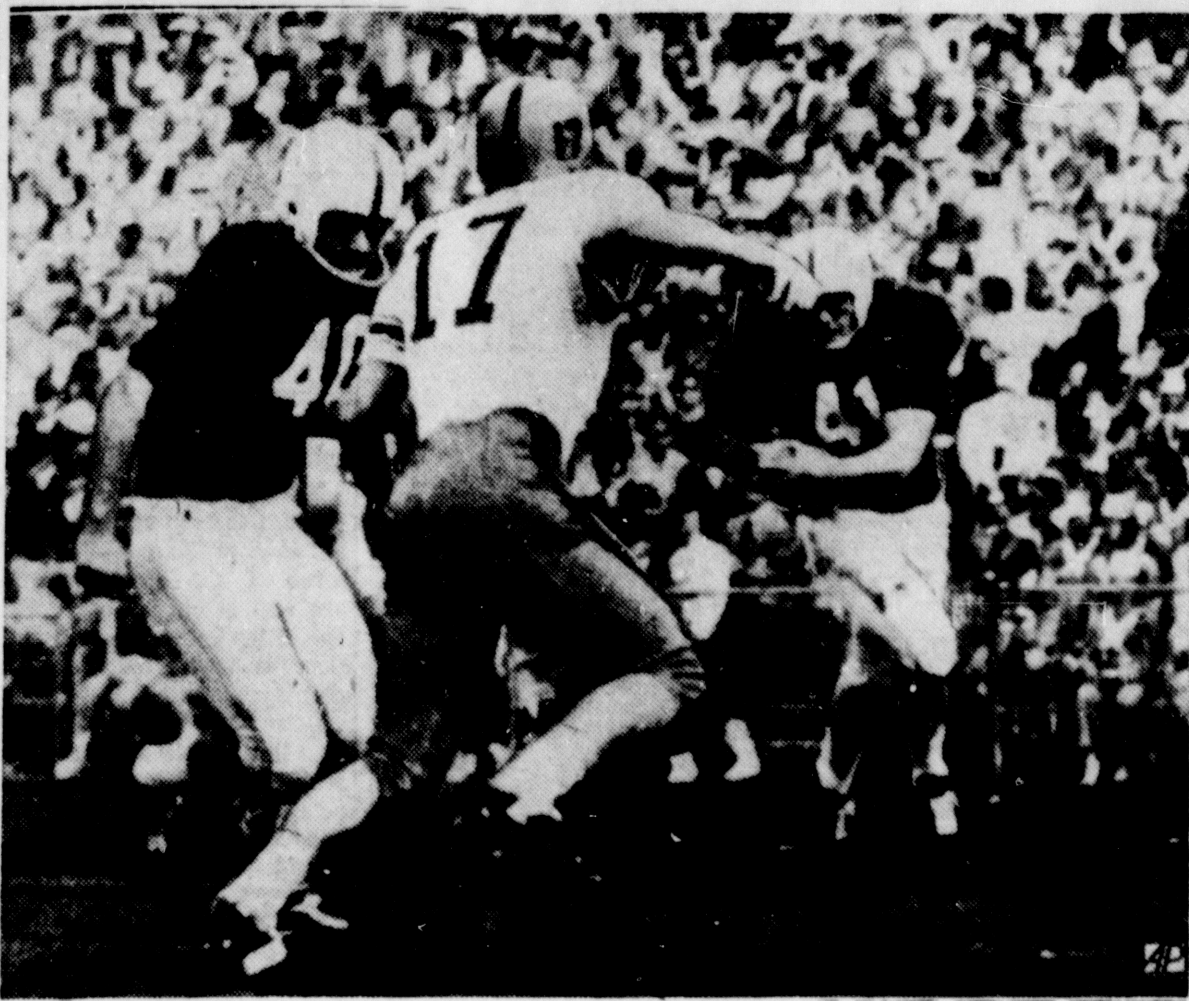

SANTIAGO DE CUBA — Thousands cheer Castro leaders at park rally far into night. Rebel leader expected to proclaim ex-Judge Manuel Urrutia as provisional president.

CIUDAD TRUJILLO, Dominican Republic — Batista, wife, three children and leaders of his regime take refuge in Dominican Republic.

NEW YORK — Leading Batista supporters come by plane to New York. New Orleans, Jacksonville, Key West, Daytona Beach and West Palm Beach. Some flee by boat. Batista's other five children among refugees.

WASHINGTON — State Department in close touch with Havana embassy but says has no plans to remove U.S. citizens. President Eisenhower kept advised of events at Gettysburg farm. Castro representatives expect United States to recognize his government.

## BIG HOLIDAY CAGE TOURNEY PROGRAM ENDS

By MURRAY ROSE  
Associated Press Sports Writer

College basketball powers set their sights today on conference warfare following the greatest outburst of Christmas week tournament activity in the history of the game.

The hectic week of tournament jousting involved most of the leading top ten teams and rang up merry tunes on the cash registers. It also served to point up again the talent riches of the Atlantic Coast Conference, especially of North Carolina State, Dixie Classic champions, and North Carolina.

Most of the major tournament and non-tournament holiday action ended Wednesday to permit the short-pants set to celebrate the New Year in civility.

But there was some firing on the courts Thursday, including a couple of tournaments in the East.

**Bowdoin Tops Rutgers**  
Bowdoin, beaten in its first eight starts, surprised Rutgers, 67-66, in the first round of the Downeast Classic, at Bangor, Maine. Bob Gorra's basket in the last two seconds put Bowdoin against Colby in the semifinals tonight. Colby beat Tufts, 64-55. The other semifinal matches St. Michael's, Vt. and Wesleyan.

Williams and Massachusetts moved into tonight's semifinals of the Springfield, Mass. College Invitational tournament. Williams avenged its only defeat of the season by trouncing Harvard, 83-67, and Massachusetts downed Villanova, 59-51. Springfield and Amherst, first round winners Wednesday, play in the other semifinal.

**Navy Defeated**  
In no-tourney intersectional contests, Butler came from behind a nine point deficit in the first half to nose out Navy, 59-58, at Indianapolis, and Ohio State raced away from crippled Brigham Young in the last 10 minutes, for a 100-81 victory at Columbus, O., despite sophomore Bob Skousen's 39 point spree for the losing Cougars.

N. C. State's victory in its own Dixie Classic—which had four of the nation's top ten teams in the field—was most impressive.

The Wolfpack, on the prowl for the national title, whipped seventh-ranked, previously undefeated Michigan State, 70-61, in the championship contest. To get that far, the fifth-ranked Wolfpack edged Louisville in overtime, 67-61, then toppled Cincinnati's second-ranked Bearcats from the unbeaten ranks, 69-60.

Fourth-ranked North Carolina, which had been beaten by Michigan State, 75-58 in the semifinals, bounced back to nip Cincinnati for third place, 90-88.

To make it all the more delectable for ACC fans, Duke beat Louisville for fifth place, 57-54, and Wake Forest walloped Yale 85-76 for seventh.

**Frankies Unbeaten**  
Undefeated St. Francis of Loyola, Pa., and Louisiana Tech, topped the other major tournament decided Wednesday night.

St. Francis surged back after blowing a 20-point lead with 16 minutes left to conquer Fordham, 74-71 for the Carrousel title at Charlotte, N. C.

Louisiana Tech subdued Virginia Tech, 71-66, in the overtime finale of the Gulf South Classic at Shreveport, La.

In major games outside of the tournaments on New Year's Eve, Northwestern's sixth-ranked Wildcats equalled its fieldhouse scoring record in trouncing Notre Dame 102-67 and St. Louis, ranked 16th, drubbed San Francisco 60-42.

Williams is on four major league rosters — Ted Williams with the Red Sox; Stan Williams with the Dodgers; Don Williams with the Pirates and Dick Williams with the Athletics.

SYDNEY, Australia (AP)—Italian tennis player Orlando Sirola is remaining an amateur — at least for the time being.

Promoter Jack Kramer said today he had spoken with Sirola, but the time was not appropriate to present a professional contract to the big Italian.

LONDON (AP)—World auto race champion Mike Hawthorn, who announced his retirement last month, has agreed to be a "stand-in" driver for Donald Campbell in his projected land speed record bid.

A colleague of Campbell's said Thursday night: "They have talked it over and Hawthorn has agreed to be a stand-in, as Stirling Moss also did a few months ago."

BOSTON (AP)—Gerald P. (Gerry) Lynch, 33, a Boston Record-American sports staff member and one of New England's top horse racing handicappers, died Thursday from a heart ailment.

Lynch, a standout baseball pitcher in high school, passed up a farm contract with the Chicago Cubs to stay in the newspaper business. He had been with the Record-American for 17 years.

LOS ANGELES (AP)—Professional golfers start another California gold rush today as they tee off in the first round of the \$35,000 Los Angeles Open.

In five tournaments in California and at adjacent Tijuana, Mex., in the next month, a total of \$145,000 prize money will be up for grabs.

The 72-hole Los Angeles event has attracted a field of 160 studded with top names of golf.

**BATISTA SAYS LACK OF MEN CAUSED LOSS**  
CIDUD TRUJILLO, Dominican Republic (AP)—Fulgencio Batista figures his army fought a lost cause in Cuba partly because it had an insufficient edge in manpower over Fidel Castro's rebels.

The dictator who fled into exile here Thursday told newsmen it has been calculated that an army would need 100 men for each guerrilla it fought.

"That was the case of Tito in Yugoslavia and the Chinese Communists," Batista said, referring to Tito's World War II campaign against the Germans and Mao Tse-tung's drive against Chiang Kai-shek's Nationalists.

Batista's 37,000-strong armed forces were estimated to outnumber Castro's men perhaps 6-1 even in the last stages of the bloody warfare that finally caused Batista to flee.

He gave left-handed praise to Castro's bushwhacking tactics, saying the rebel chieftain got the jump on the government by restricting his activities at first to guerrilla warfare against rural soldiers not trained for that type of fighting.

He also credited Castro with superior armament, though Batista's forces had tanks and warplanes the rebels lacked. He said the rebels received a continuous flow of weapons while government troops could not be supplied.

The deposed President contended that Castro had dominated rural populations by terror.

"Before this revolt, Castro's life was in my hands three times and three times I pardoned him," Batista said. "I did the same for other revolutionaries."

Asked about the future prospects of Cuban politics he said: "I am not a prophet. I see much confusion."

With Batista as his second wife and three of his eight children. The other children are refugees in the United States.

Tourists reportedly spend more than 25 million dollars a year in Arizona.

## ROUND TABLE AS 4-YEAR-OLD MAKES DEBUT

By ORLO ROBERTSON  
Associated Press Sports Writer

Round Table, the world's richest horse, makes his 4-year-old debut Saturday with his fans hoping for a better fate than befell Silky Sullivan in his first start of 1959 after a rags-to-riches-to-rags 3-year-old campaign.

The little hard-hitting Round Table from Travis Kerr's stable, who boosted his earnings to \$1,336,364 en route to Horse of the Year honors in 1958, goes in the \$50,000 added San Carlos Handicap at Santa Anita.

For the 7-furlong race, Round Table picks up top weight of 132 pounds and gives plenty of poundage to his rivals, who are expected to number as many as eight. Such proven sprinters as Seaneen and Hillsdale get in with 116 each while Golden Notes picks up 113 and Eddie Schmidt 112.

**Silky Fails Again**  
Silky Sullivan, whose slow starts and fast finishes caught the fancy of the racing fans last year before he disappointed in the Kentucky Derby and Preakness, lost a little more of his luster Thursday at Santa Anita.

Showing nothing, Silky finished sixth in a seven-furlong field in a 6½ furlong race. Under Willie Shoemaker, the nation's leading jockey last year, Silky was last at the start, last at the quarter and half-mile poles, fifth in the stretch and was beaten five lengths by the winner, Coronat, who paid \$11.20.

"He obviously needed the race," was trainer Reggie Cornell's explanation of Silky's disappointing showing in the role of the odds-on-favorite.

**M. S. McDOWELL DIES IN FLORIDA**  
UNIVERSITY PARK, Pa. (AP)—Milton S. McDowell, who for 30 years guided the development of Pennsylvania's agricultural extension service, died Thursday in West Palm Beach, Fla.

McDowell, director emeritus of agricultural extension at Pennsylvania State University, would have been 87 on Jan. 13.

University officials here said McDowell had gone to Florida recently to spend the winter.

**Founded Farm Show**  
A native of Milroy and a graduate of Penn State, McDowell became director of agricultural extension at the university in 1912.

He supervised the organization of extension services in agriculture and home economics in 66 of Pennsylvania's 67 counties.

McDowell also founded the Pennsylvania Farm Show in 1917 and served as a member on the Farm Show Commission for 25 years.

Funeral arrangements have not been completed.

Reitz was named Wednesday to succeed Walter E. Fries who was transferred to Dist. 8, Harrisburg, as assistant district engineer.

## BISONS SNARE FIFTH STRAIGHT

By THE ASSOCIATED PRESS

The Buffalo Bisons, who threatened to make a run away from the American Hockey League pennant race when they won 13 of their first 14 games at the start of the season, are at it again.

With Parker MacDonald coming through with the deciding goal, the Bisons posted their fifth straight victory in their latest string Thursday night as they downed the third place Cleveland Barons 5-4.

The Hershey Bears snapped a three-game winning streak with a 6-0 triumph over Springfield, but remained five points back of the red hot Bisons. The Providence Reds turned back Rochester 4-3 to tie the Amerks for fifth place.

Willie Marshall and Ed Staniewicz each scored two goals as the Bears bunched their scoring against Springfield in the first two periods. The other tallies went to Obie O'Brien and Les Duff.

## TALLY STEVENS TO COACH BYU

PROVO, Utah. (AP)—Brigham Young University promoted Tally Stevens from senior assistant to head football coach New Year's Day.

Stevens, 35, helped former coach Hal Kopp guide BYU to its highest Skyline Conference standing in its history.

President Ernest L. Wilkinson announced Stevens' appointment Thursday night. The salary terms or length of the contract were not disclosed, but Stevens said:

"I'm very happy with my contract."

Stevens said the major difference between his brand of football and Kopp's style is in variety. He plans to substitute a multiple offense for Kopp's wing-T.

He inherits a talent-laden squad which he helped Kopp recruit. Only 10 seniors will be lost by graduation from the Cougar team which battled Wyoming in the final game for the conference title. BYU had been picked to win the championship, but wound up third.

Stevens is a native of Evanston, Wyo., and was a star end for the University of Utah in 1946-47-48. He graduated in 1949.

## Wolfpack Places 3 On Classic Team

RALEIGH, N. C. (AP)—North Carolina State's Dixie Classic winning Wolfpack placed three men on the 10-man All-Classic team selected by 71 newsmen and announced today.

The Wolfpack placed its Mutt and Jeff combination of Big John Richter and Little Lou Pucillo on the all-star quint along with Cincinnati's Oscar Robertson, Michigan's Johnny Green and North Carolina's Lee Shaffer.

Horace Walker of Michigan State former Chester, Pa., high school star, made the second team.

There's no middle ground for the Syracuse Nationals in the National Basketball Assn. They're either mighty good or terrible.

In the league's only game Thursday night, the Nats dropped their seventh straight game as rookie Elgin Baylor tapped in a goal for the Lakers with 20 seconds remaining for a 106-195 Minneapolis victory. Before starting their losing string, the Nationals had won seven in-a-row and before that they had lost eight straight.

The defeat placed the Nats only a half-game ahead of Philadelphia's cellar dwelling Warriors in the Eastern Division.

## Iowa Overwhelms Foe In Rose Bowl; Oklahoma And LSU Win; AF And TCU Tie

By JACK CLARY  
Associated Press Sports Writer

Louisiana State the national football champion probably will get a strong argument over the honor from second place Iowa today in the wake of the Sugar and Rose Bowl games.

Both teams were heavily favored—LSU by 15 points over Clemson in the Sugar Bowl and Iowa by 18 over California, in the Rose Bowl. Only Iowa proved the oddsmakers correct.

The Hawkeyes scored in every period to overwhelm California, the Pacific Coast Conference king, 38-12. LSU had to call on Coach Paul Dietzel to call the play that defeated Clemson 7-0.

**Mild Upset By AF**  
Oklahoma did as expected and defeated dodged Syracuse 21-6 in the Orange Bowl. Air Force pulled a mild upset to playing Southwest Conference champion Texas Christian to a 0-0 tie in a battle of fumbles and mistakes in the Cotton Bowl. Prairie View A&M walloped Langston 34-8 in the Prairie View Bowl.

Iowa was runner-up to the Bayou Bengals in the final Associated Press poll that settled the national championship. But the Big Ten champs were not expected to have as easy a time as they did against

an outweighed, outmaneuvered Cal team.

On the other hand, LSU, with its White, Go and Chinese Bands—three team varsity specialists, was expected to have some trouble from a hefty Clemson line, but by sheer weight of numbers, were supposed to have things their way in the end.

**Rabb Breaks Hand**  
The Clemson line didn't weaken. A broken right hand by LSU quarterback Warren Rabb on the third play of the game put him out for the second half. These two factors weighed heavily in forcing Dietzel to revamp his offensive plans—and hope.

The wisp of hope came in the third period when Clemson center Paul Snyder got a firmer grip on some turf than on the ball on a snap-back to punter Bill Mathis. The ball sailed wildly and bounced off the knee of blocker Doug Cline. It was recovered by LSU tackle Duane Leopold on the Clemson 11.

**Lots Of Clemson Pressure**  
Two plays gained only one yard and on third down All America halfback Billy Cannon, the game's most valuable player, started wide, spotted end Mickey Mangham and hit him with a pass for the score. Cannon kicked the extra point.

Dietzel admitted afterward that he called the scoring play "because Clemson was putting so much pressure on our quarterbacks when they went back to pass that I figured a halfback run-pass option would take more time."

Rabb whose injury was not disclosed until halftime explained that his passing was handicapped and he was forced to abandon his wide-open offense for a ground game. He hit only two of seven passes.

Iowa never had a worry in the Rose Bowl, although they fumbled at the start. Led by Bob (Jet) Jeter, the Hawkeyes, winning their second Rose Bowl, rolled up 516 yards overall, 25 more than former recordholder Michigan in 1948 against Southern Cal.

**1-Yard Run For Record**  
Jeter ran 81 yards for one score, breaking Northwestern's Frank Aschenbrenner's record of 71 against Cal in 1949. He also gained 194 yards overall, 43 more than Bobby Grayson of Stanford against Columbia in 1934, the previous record.

Iowa scored the second time it had the ball, and managed at least one TD per quarter against a Cal line outweighed an average of 18 pounds per man.

Coach Forest Evashevski's winning formula: "Our basic plan was to run inside and off tackle. We figured they were weak there."

**Hard To Stop Freight**  
Said Cal Coach Pete Elliott: We knew it was coming

### Valley Pride Baked Goods Are Sold In 1,000 Stores

The combination of two Shippensburg bakeries in 1921 was the start of the Valley Baking Co., well known in this area for its fresh Valley Pride bread, pastries, cakes, cookies and other baked goods.

Robert H. Angle, the founder and first president of the firm, then in the cake baking business, bought out C. W. Stinson, a Shippensburg bread baker.

The pastry shop and retail outlet are located on W. King St., in Shippensburg, a few doors from the center of town, while the bread bakery is in the southeast portion of the community in a two-story structure containing more than 10,000 square feet of working area. This plant also has a garage for employees' parking.

Their working schedule runs from Sunday through Friday usually starting about 6 a.m. and continuing until the day's baking is completed, which is usually noon but often runs into the afternoon.

All recipes used by Valley Baking Co. are made to their own specifications. Their holiday fruit cake and sweet rolls are made with a 30-year-old recipe, while their popular Montgomery pie, referred to by some folks as shoofly-pie, is made with a 25-year-old recipe.

A complete line of pastries, bread, rolls and special orders are delivered efficiently in a 50-mile radius by a fleet of 40 trucks. Approximately one hundred persons are on the present working staff with 17 in the bread department, 29 in pastries, ten mechanics and maintenance men, 40

Their baked products are found in over 1,000 retail stores, and the bakery has two other retail stores besides the one at the main plant.

Four thousand square feet were added in 1954 to the cake department doubling the previous working area. The department uses two large ovens for baking. In this area is a long orderly workroom with a row of working tables down the center, flanked on either side with gleaming white and stainless steel machinery.

A well lighted room is provided for deliverymen to tally their days receipts in an efficient manner. Adding machines are provided and cash and figures are handed to the cashier nearby, but out of the way of the main thoroughfare of the plant.

## The Staff of Life

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Sunday School Lesson

By H. R. and M. C. Gold

JESUS CALLS FORTH FAITH

Mark 9:14-29

Key Verse: All things are possible to him who believes. Mark 9:23.

The last quarter's lessons of 1958 are continued in the first quarter of 1959, consisting of studies on "The Life of Jesus Christ." All we must do, then, is to recall last week's lesson in which Peter made his great confession. This event near Caesarea Philippi was the beginning of a new phase of Jesus' ministry—the intensive instruction of His disciples.

After Peter said, "You are the Christ," Jesus responded, "On this rock I will build my church." This same faith in Christ upon which the church is established is also the faith which brings forth powers of healing. To explore the depth and quality of one's faith is the core of this lesson.

### Dramatic Setting

The setting of the lesson is more or less dramatic, depending upon the ability of the individual to contrast one of the great moments of Jesus' earthly ministry with an actual miracle of healing. Jesus had just come down from the mount of transfiguration with His disciples Peter, James, and John and upon their faces, especially of the three, was a glow of new discovery. And in that moment Christ must have reflected a divine spirit in His countenance. But they were called to the valley below to see the tragedy of a disease called epilepsy which afflicts many.

As the four approached the other disciples they saw a large crowd and the scribes arguing with them. Jesus first inquired, "What are you discussing with them?" It was one occasion upon which the scribes had grasped to show wherein the disciples had failed. They were ridiculing them because they had failed to heal the boy with epilepsy. Then the father of the epileptic boy spoke and explained that Jesus' disciples were unable to heal him. This was not said in a spirit of resentment, but one of disappointment.

The disciples had cast out many demons, but Jesus said that failure in this case was due to lack of faith. Maybe they lost this power given by God because of arguing with the scribes. It may have been, too, a lack of faith on the part of the father. When the boy was brought to Jesus, the father explained his condition from childhood, concluding, "But if you can do anything, have pity on us and help us." Jesus replied, "If you can! All things are possible to him who believes." Then the father cried out, "I believe; help my unbelief." J. B. Phillips translates the last half—"Help me believe more."

There are no limits to the power of God, but there is often confusion and uncertainty in the lives of believers, and the father of the boy was no exception. We say we believe, but sometimes not enough. The disciples and the father were still wading in the shallow pool, and were concerned. The disciples asked Jesus privately, "Why could we not cast it out?" Jesus was the Son of God and consciously let the will of His Father work through Him, whereas the disciples were still "learners" and did not realize that such a miracle would require more than a momentary prayer. To use God's power effectively requires a lifetime of prayer and meditation.

### Faith In Christ Grows

This lesson demonstrates that faith in Christ is something that grows. When we attempt to do things merely through human power, we fail completely. But when we truly believe, each new spiritual experience, every prayer we make earnestly and sincerely, will confirm us more steadfastly in the faith we proclaim.

Spreading the news of Christ's gospel will put us to the real test — when we are required to explain what faith in Jesus Christ demands. To accomplish this successfully, we must consecrate ourselves as ambassadors—those who not only "tell" but who "go."

If we wish to be "children of God" we will be ready and willing to take these steps in faith—from the shallow water of indecision to the depths of certainty. Then, and only then, will God's power have full sway over our lives and lift our imperfect wills into His perfect will and love. The will of Jesus was always submissive to that of His Father God, but never more so than as He prayed in Gethsemane, "Not my will, but Thine be done."

### Loses Tongue And \$60 To A Woman

SAN DIEGO, Calif. (AP) — A gambler with a severed tongue has no connection with the slaying of Tony Mirabile, says police.

When Robert Womach, 25, was brought to a hospital Thursday with 1½ inches of his tongue cut off, police thought there might be a tie-in between the injury to the Las Vegas, Nev., card dealer and the shooting of Mirabile, wealthy tavern owner with suspected underworld connections.

But Womach told them his tongue was cut off by a woman in Tijuana who robbed him of \$60. He refused to give further details.

**'The Buccaneer'**  
(Continued From Page 6)  
1812, the pulse-pounding Battle of New Orleans and the colorful events that led up to it.

"The Buccaneer" tells the truth-is-stranger-than-fiction story of Jean Lafitte, the pirate king who had a price on his head, but who became one of the nation's great heroes when he came to America's rescue at the darkest moment in her young history. Yul Brynner.

## Find Man's Body Hanging In Tree

**TOBYHANNA, Pa. (AP)**—Officials sought today to identify the decomposed body of a man about 55 which was found hanging from a tree in a wooded area near this Monroe County community.

The body was discovered Thursday by William Marsh of Tobyhanna who was hunting in the area.

Coroner Daniel G. Warner said the man apparently took his own life. He said it appeared he had been dead for about two months.

## LAB WORKER'S DEATH FIRST IN PEACETIME

**LOS ALAMOS, N.M. (AP)**—A medical expert says a technician killed by radiation in a Los Alamos atomic laboratory died from damage to his central nervous system.

He also says it may have been the first death of that type outside of war.

Dr. Thomas Shipman, head of the health division of the Los Alamos Scientific Laboratory, says it was more than damage to the bone marrow-blood forming system that caused the death.

**Died Thursday**  
Cecil W. Kelley, 38, who had worked in the atomic laboratory about 11 years, died Thursday, 36 hours after the accident.

He was preparing a process to extract plutonium and said all he recalled was a flash as he started a stir operation in a tank.

Shipman said he believes that "outside of warfare, this may be the first death" of this type.

"I think it is, other than the bomb casualties in Japan," he said. Those were the deaths caused by the atomic bombing of Nagasaki and Hiroshima, which ended World War II.

**RENEW TALKS**  
**WILKES-BARRE, Pa. (AP)**—Representatives of the anthracite coal operators and United Mine Workers officials planned their 13th bargaining session (11 a.m.) today in efforts to reach a new contract agreement.

The old contract expired on Wednesday at midnight but was extended until 7 a.m. Monday pending negotiations.

made up with hair and mustache to resemble the famous pirate, plays the title role. As in "The Ten Commandments," the man with whom he clashes is portrayed by Charlton Heston as General Jackson, only in "The Buccaneer" they join forces with spectacularly successful results.

In one of the most off-beat castings of this or any season, Claire Bloom, Shakespearean actress and English lady, plays the rough, tough daughter of a pirate, who loves Lafitte and competes for him with the elegantly patrician daughter (portrayed by lovely, blonde Inger Stevens) of Louisiana's governor.

In the important role of Dominique You, trusted lieutenant of Lafitte, is the suave and charming Charles Boyer for whom the characterization of the philosophic pirate is a decided departure from anything he has yet done on the screen.

"The Buccaneer" marks the first directional effort of actor Anthony Quinn and the first time actor Henry Wilcoxon has turned his hand to producing. But with Cecil B. DeMille supervising their activities, in addition to their own wide experience in front of the cameras, fans have every right to expect the outstanding entertainment "The Buccaneer" promises.

**Caught In Cash**  
**Register 3 Hours**  
**LOUISVILLE, Ky. (AP)**—Bartender Gene Bruce started to fix the cash register and got into a fix instead.

The cash drawer stuck. Bruce put his hand inside a door on the side of the register to open the drawer.

Some of the cogs grabbed his hand and held on — for three hours.

County police tried a cutting torch. When that got too hot for Bruce, they used a crowbar.

Bruce is all right, but the register is in bad shape.

## BLONDE BEING LAUNCHED ON 'CHAMPAGNE'

By JAMES BACON  
AP Motion Picture Writer

HOLLYWOOD (AP) — Cindy Robbins, a blonde destroyer, is the first young actress ever to be launched with champagne.

How that came about can best be told by a backstage look at the publicity buildup given a potential star.

Cindy, barely 21, has a bubbling personality. That alone should give a good publicity man a peg. But her first picture, "This Earth Is Mine," is laid in the vineyards of a great California wine-making family. She was a natural for a champagne build-up. Now she is known as "the champagne blonde."

**Shampooed With Champagne**  
Bud Westmore, Universal-International make-up chief, might have shampooed her hair with any of the standard preparations. But the publicity department decreed it should be champagne.

"Actually," says Westmore, "it does wonders for her hair and I can recommend it to anyone who can afford it."

Next the studio ordered her to appear in public wearing champagne-colored dresses and driving a champagne-colored convertible.

**Long Preparation**  
If she orders a cocktail at a cafe, it must be champagne. Cindy, even without champagne, has all the attributes of stardom, including talent and years of experience. She's an offbeat character, somewhat reminiscent of Shirley MacLaine. Physically, she's an

## Drivers Escape As Two Vehicles Burn

SOMERSET, Pa. (AP)—A tractor-trailer caught fire on the Pennsylvania Turnpike Thursday after colliding with a pickup truck.

Both drivers leaped to safety. The tractor-trailer was destroyed with damage estimated by state police at \$25,800. The pickup truck was damaged.

State police identified the drivers as Phillip N. Romeo, 25, of Twin Oaks, Chester County, and John T. Robson, 60, of Green Springs, W.Va.

Romeo was driving the tractor-trailer, owned by the Chicago Express. His cargo included a quantity of whisky. The crash occurred 10 miles east of the Somerset Interchange.

PHILADELPHIA (AP) — Mrs. Blanche Devir, 45, of suburban Oreland, died today in Chestnut Hill Hospital of injuries sustained early Thursday in a fall down a stairway in a neighbor's home.

American Bardot.

Although this is her first picture—and her part is a key one with Jean Simmons and Rock Hudson—she has been preparing for it since she was 8.

**Has Experience**  
That's when her family moved from Hammond, La., to nearby Glendale. At nine she was dancing in Greek theater productions; at 11, a featured dancer with Ken Murray's original "Blackouts" and as a teen-ager, a veteran performer on television and on Broadway.

She was with Shirley Booth for 10 months in "By the Beautiful Sea." Now she's making screen love to Rock Hudson.

## 120 MEETINGS AT FARM SHOW

HARRISBURG (AP)—The official program for the 1959 Farm Show here Jan. 12-16 lists more than 120 meetings, sales, judging contests and dinners.

The Farm Show Commission began distributing the programs today.

The show will open with greetings to farm show visitors from Gov. Leader. A message from the governor, printed in the program, said:

"For three centuries agriculture has been basic to progress and good living in Pennsylvania. It has always been our biggest business."

"Because everyone must rely on the land for food, fiber and shelter, maintenance of a strong and prosperous agriculture is a matter of major importance to every man, woman and child in the commonwealth."

"Therefore the 43rd Pennsylvania Farm Show properly is dedicated to the timely theme: 'Agriculture Is Everybody's Business.'"
